WALK ON AIR.

Fantasy of Flight **Wing WalkAir** is not an ordinary ropes course. Why? Because it is a Confidence Course—designed to push your boundaries and **LIGHT THAT SPARK WITHIN!**

Inspired by the daredevil Barnstormer pilots and Wing-Walker acrobats of yesterday, Wing WalkAir takes you beyond the limits of your body, mind and spirit—while providing miles of smiles and tons of fun!

Towering 40 feet in the air, 33 different challenges on three levels will set your spirit racing. Then you are off to the 600-foot thrill-a-second zip line, suspended over water along Fantasy of Flight's legendary runway.

You just might discover your inner "Wing-Walker" and never be the same again!

SHARE THE PAST WITH THE FUTURE

Fantasy of Flight is actually NOT about airplanes. But airplanes have everything to do with Fantasy of Flight! Flight is the most profound metaphor for pushing our boundaries, reaching beyond ourselves and freedom: not only in the outer world but also in our inner world, for we each, in our own way, can relate to reaching for the sky and reaching for the stars as well as soaring in our imagination and flying in our dreams!

"Since the dawn of time . . . man has been fascinated by flight.

That fascination . . . is a physical reflection . . . of what we all long to return to.

We all fly in our dreams . . . and when we awake . . . we long for that inner freedom.

I hope . . . the Fantasy of Flight . . . will help light that Spark within . . . to continue you on your journey!"
